

# Logo Brand Guide

The Sewer Pros | Core identity and everyday usage

## Preferred logo use

Use the full-color horizontal logo on white or very light backgrounds. Use the white one-color logo on solid dark or brand-blue backgrounds.

## Clear space

Keep open space around the logo equal to at least one-half the height of the circular icon. Do not crowd it with text, borders, photographs, or interface controls.

# Brand system

## Core colors

**Sewer Blue**  
#2463AB

**Steel Gray**  
#8F9094

**Charcoal**  
#626262

**White**  
#FFFFFF

## Approved configurations

Horizontal logo

Icon mark

## Use

- Use supplied files without redrawing or retyping the wordmark.
- Scale proportionally and preserve transparency where provided.
- Use PNG for broad compatibility and WebP for optimized websites.
- Use the icon mark for favicons, avatars, and compact interface placements.

## Avoid

- Do not stretch, skew, rotate, outline, or add new shadows.
- Do not recolor individual parts outside the supplied approved variants.
- Do not place the primary logo on busy or low-contrast photography.
- Do not use the circular icon as a substitute where the full name is needed.

*Source note: the supplied master is raster artwork. This package does not represent the logo as a true vector master.*
